

**ITCOI**  
QUALITY CHEMICALS

ITCO has accumulated over a decade of successful experience in the supply and production of chemical materials, establishing itself as a key player in providing raw materials to the country's industries. Our array of offerings includes chemical raw materials, petroleum products, oil and gas catalysts, raw materials for detergent industries, various types of ingots, and metallic powders.

ITCO prides itself on its technical expertise in chemical raw material production and operates a GMP line. We have assembled a team of highly experienced and knowledgeable professionals, graduates, and experts from the country's industrial universities. With a focus on facilitating and streamlining competitive procurement processes, we offer technical consultation services. Additionally, we have expanded our reach to the Sultanate of Oman, actively engaging in supplying polymer materials and various oil derivatives in the global market to expedite exports.

At ITCO, we are committed to delivering top-notch services through honest efforts and knowledge-centered technical solutions. By leveraging advanced technology in the Middle East and adhering to customer-centric principles, we have successfully met the needs of numerous customers in the country's leading industries over the years. We take pride in our meticulous approach from order registration to the final delivery, ensuring the satisfaction of our clients and contributing to the enhancement of national products.

Looking ahead, we remain dedicated to fostering trust and expertise to continually enhance the quality of our products in alignment with customer requirements and international technological standards. We are confident that with our commitment to excellence, ITCO will play a valuable role in advancing the quality of national products and meeting the evolving needs of our customers.

## Detergent raw material

Alkyl Dimethyl Betaine	Ethylene Glycol Monostearate	Poly Ethylene Glycol 150 Distearate
Alkyl Lactate	Ethylene Glycol Distearate	Poly Ethylene Glycol 3 Distearate
Alkyl Dimethyl Amine Oxide	Fatty Acid Methyl Ester	Poly Ethylene Glycol 7 Glyceryl Cocoate
Ammonium lauryl Ether Sulfate	Glycerin	Raisin Oil
Bis (acyloxyethyl) ammonium acetate	Glycerin Monostearate	Soya Diethanol Amide
Betaine Cocoamidopropyl	Lauryl Dimethyl Amine Oxide	Soap Noodle–Bath
Benzalkonium Chloride	Maleic Acrylic Copolymer	Soap Noodle–Laundry
Cocamidopropyl Betaine	Mixture of Cationic and non–ionic Surfactants	
Cocamidopropyl Hydroxy Sultaine	Mixture of Non–ionic and Amphoteric Surfactants	
Cocamidopropyl Dimethyl Amine Oxide	Oleic Acid Diethanol Amide	Soap Noodle–Washing
Coconut Diethanol Amide	Pearly Sodium Lauryl Ether Sulfate	Sorbitan Mono Laurate
Coconut Mono Ethanol Amide	Polyoxy Ethylene 20 Sorbitan Monolaurate	
Concrete and Drilling Foam	Polyoxy Ethylene 20 Sorbitan Monostearate	
Chloride Benzalkonium	Polyoxy Ethylene 20 Sorbitan Monooleate	
Chloro Methyl Isothiazoline and Methyl Isothiazoline		Sorbitan Mono Stearate
Disodium Lauryl Sulfosuccinate	Potassium Oleate	Sorbitan Mono Oleate
Disodium Oleamido MEA Sulfosuccinate	Phosphate Ester	Sodium lauryl ether sulfates
Dialkylester Ammonium Methosulfate (Liquid Esterquat)		Triethanol Amine Lauryl Ether Sulfate
Dialkylester Ammonium Methosulfate (Esterquat)		

## Solvent

402	409	Food Grade Hexane (FGH)
403	410	Organic Solvent
406	502	
407	503	

## Polymer

Nylo	Masterbatch	PE bags
Shrink Warp Film	Polymer Compound (PC, ABC, PE, PP, PA, PVC, PS)	
Yarn	Stretch Film	

## Solvent

Aluminium Powder	Lead Powder	Copper Ingot
Copper Powder	Zinc Powder	Zinc Ingot
Bronze Powder	Silver Powder	Copper Cathode
Brass Powder	Flake Aluminium Powder	Zamac
Tin Powder	Aluminium Ingot	

## Petrochemical

Urea	High-Density Polyethylene (HDPE)
Sulfur	Low-Density Polyethylene (LDPE)
Linear Low-Density Polyethylene (HDPE)	

## Petroleum Products

Bitumen	Heavy Hydrocarbon	Vaseline
Virgin Oil	Polyethylene Wax	Residue Wax (Foots Oil)
Light cycle oil (LCO)	Liquefied Petroleum Gas (LPG)	Mineral Oil (Paraffin)
Light Hydrocarbon	Slack Wax	Liquefied Natural Gas (LNG)

## Inorganic Salt

Sulphate	Fluorides	Ammonium Chloride
Nitrates	Acetates	Caustic soda Flakes
Carbonates	Chlorides	

## Pigments

## Acid & Base
